

EPIDEMIOLOGICAL REPORTING WITH

BEST PRACTICE FROM TABLES TO TIME SERIES

2023

This book is a compilation of training materials created by the GRAPH Network under a grant from the Global Fund to Fight AIDS, Tuberculosis and Malaria. The materials aim to build global capacity in epidemiological data analysis and decision-making for public health.

FURTHER DATA ANALYSIS WITH

USING REAL-WORLD DATA
FROM HIV, TB & MALARIA

2023

This book is a compilation of training materials created by the GRAPH Network under a grant from the Global Fund to Fight AIDS, Tuberculosis and Malaria. The materials aim to build global capacity in epidemiological data analysis and decision-making for public health.
